Honorable James Corman
Representative, 21st District
14545 Friar Street
VanNuys, California 91404

Dear Congressman Corman:

This letter is to communicate my deep concern for the whereabouts of Raoul Wallenberg. It is beyond comprehension that a person of such heroic background can be left forgotten. I implore you as a human being and as an elected official to use the powers which have been given you to determine first if this man is alive, and if so, to then join the movement to locate him and to free him.

Very sincerely,

Jaime Gesundheit
